SUMMARY OF INFORMATION

The target personality is an older man who is in a strong position. He has recently under went a significant loss. He is a family man. Issues of concern include conflict, confinement, restrictions, and people being held captive. It is a time for action for this man but he cannot act alone. He is creating partnerships with people to gain support. In effect this can transition or move him into more of a balance. However, this man is accustomed to being resourceful and independent in the past. Decisions need to be made about people. This man's needs are great for both money and support.
